

MYUGLOW

THE INNOVATION STUDIO

Who We are?

MY UGLOW is an extension of UGLOW Sport, an independent running, cycling and lifestyle brand established in 2015. We hand-craft innovative and well considered products for training, racing and the toughest conditions. Our style is unique and we encourage individual expression.

Our production methods are responsible and we take pride in our reputation for being the world's first 100% StitchFree clothing brand. By combining the finest materials and precision production methods the result is lightweight, functional and irritation free. We improve comfort and push the boundaries of performance.

We have created our own path and we are still only just getting started.

Why Us?

UGLOW's Worldwide Supply Chain

We control production from fabric to delivery, ensuring top quality and flexibility.

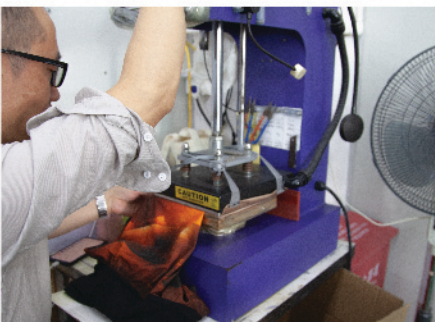

Small Minimum Orders

We can accommodate small quantities for samples, new orders, and re-orders.

Consistent and adaptable turnaround

Samples are ready in 7-10 days, with bulk orders taking 3-6 weeks. Rush orders are accepted if notified in advance.

Continue to innovate

Our R&D team continuously develops new products based on the latest sportswear trends.

Sustainability

MYUGLOW's team is dedicated to minimizing environmental impact during the production process.

Confidentiality

Client information will be kept strictly confidential throughout our collaboration.

Have any Design Idea in Mind?

Looking For Customised Solution?

Do you have a design in mind for your next club t-shirts and need customized solutions? We're here to assist you every step of the way. Simply follow the steps below, and your customized products will be ready in no time. Share your thoughts with us at shop@uglowsport.com. We at MYUGLOW and our team of professionals will get back to you as soon as possible and will be happy to serve you on your next project.

Step 01

Share Your Design

Are you looking for a team to turn your imagination into reality? We're here to help! Whether you have design ideas or a logo for your next club garments, share them with us. Our team of professionals is ready to assist you in bringing your visions to life.

Step 02

Your Design to 3D & Timeline

After sharing your design ideas with us, the next step is to create a 3D image of your design. Our team of professionals will work on the 3D product design according to your instructions. It will usually take around 3-4 weeks for the 3d Models to be prepared. And will share it with you for your approval.

Step 03

Pricing & MOQ Discussion

After you approve the 3D of your customised product We will have a discussion about the pricing and the MOQs needed. The pricing of the product will depend upon the customisation and the no of the MOQs.

Step 04

Production & Timeline

After all the discussion related to pricing and MOQs we will inform you about the timeline for the delivery and then after that we will start preparing your product. It usually takes around 3-4 weeks for production for a general order but the time will vary according to the order.

Step 05

Delivery + Happy Customer

After production the products will be delivered to you on time at your mentioned address.

Production Capacity

High quality and stable turnaround is secured by our advanced facility and skilled employees. Most of our employees have been with us for the last 10 years years. With the most cutting edge machines equipped, such as Lazer cutting, overlap bonding, HF bonding, we are able to provide more than 50,000 to 100,000 pcs per year to consumers around the world.

Quality Assurance

From raw material inspection and production process monitoring to finished product quality checks, we have established a multi-level quality inspection system to ensure each product meets quality standards before shipping.

Thanks to our reliable quality control system, our defect rate is significantly lower than the tolerance level in the stretch garment industry.

Guarantee / Warranty

All our sportswear comes with a quality guarantee. While no one is perfect, what matters is how we respond when issues arise. We ensure our clients receive timely and effective solutions for any product problems.

If a product is defective due to a manufacturing issue or material defect, we will replace it or repair it to its original condition.

Our Mission: Comfort is King

Our mission is to enhance movement, health, and well-being by creating high-performance sports apparel. Our innovative methods and expertise in fabric properties ensure reliability in tough conditions. We aim to foster individuality and global connection, offering clothing that combines style with superior performance. As athletes, we understand the need for comfortable, lightweight, and functional gear. We're dedicated to producing products that withstand the elements and enhance comfort and performance, fulfilling our promise to our community.

Our Collaboration

Our exceptional collaborations serve as a testament to our unwavering dedication to innovation and excellence in sportswear. By partnering with leading athletes and brands, such as the HOKA ELITE TEAM, Google, and ACTION PANDA, IRUN, we have produced cutting-edge products that seamlessly blend performance and style. From Google to HOKA Deckers Brands, our collaborations and R&D initiatives cater to all individuals seeking the highest level of performance and functionality in their apparel.
